In addition to her listed work experience, Ms. Tanyat leveraged the last quarter of 2023 to significantly contribute to the International Pickleball Federation's (IPF) global outreach efforts. She fostered strong relationships with several member countries in Southeast Asia and Africa by personally conducting IPF-sponsored training programs. These workshops equipped participants with the knowledge and skills required for pickleball officiating, coaching, tournament directing, and all aspects of game rules.

Ms. Tanyat's dedication extended beyond official training. Recognizing the importance of cultivating pickleball at the grassroots level, she spearheaded initiatives to help member countries introduce the sport into the educational systems. This initiative involved not only donating essential equipment like nets, paddles, and balls to universities, colleges, and high schools, but also creating standardized training materials. These contributions will serve as a lasting foundation for building a strong IPF's presence within these member countries, and contribute significantly to the global expansion of pickleball.

Looking ahead, Ms. Tanyat demonstrates her continued commitment to the sport with the planned launch of the International Pickleball Institute (IPI) next month. This institute will serve as a central hub for promoting the sport globally. Furthermore, she is dedicated to expanding the IPF's digital and physical presence across all continents. Ms. Tanyat's passion and initiative are evident, and she is eager to leverage her skills and experience for your benefit.

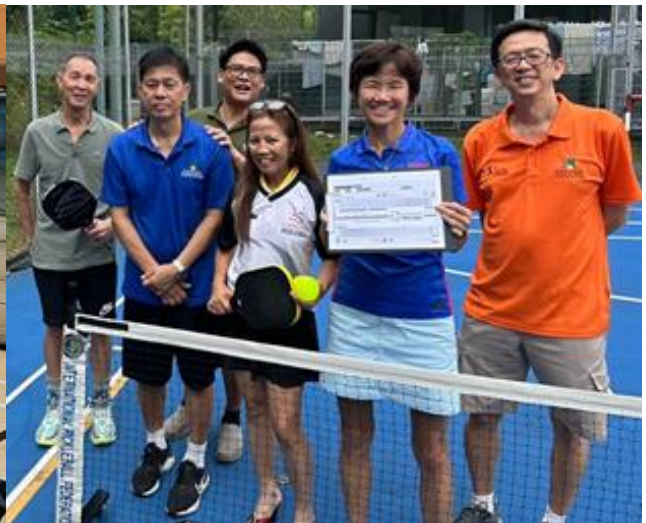

DONATED 1 NET, 4 PADDLES, & A DOZEN FRANKLIN BALLS

DONATED 1 NET, 4 PADDLES, & A DOZEN FRANKLIN BALLS

DONATED 2 NETS, 8 PADDLES, & 2 DOZENS FRANKLIN BALLS

Depending on the group of participants, players can play singles and doubles flexibly. This is considered a suitable sport for many people to increase movement, exercise, improve health and especially entertainment for officials, students and all people.

Master Tanyat Tran awarded rackets to staff and lecturers

DONATED 4 NETS, 16 PADDLES, & 40 BALLS
